

# ARIF KURNIAWAN

## WEB DEVELOPER

No. 96, Mawar St., Alley I, Lowokwaru, Malang | ryvexc@gmail.com | <https://ryve.lucia.id>

### SUMMARY

I am a full-stack web developer who has accumulated 5 years of programming experience. Detail-oriented with strong backend expertise and excellent time management skills. Skilled in team collaboration to achieve optimal results.

### PROFESSIONAL EXPERIENCE

**Universal Big Data, Software House** Dec 2023 - Jan 2025

- Led the development of a school management system, increasing operational efficiency by 15%.
- Acted as DevOps Engineer, managing CI/CD pipelines, deployment processes, and server configuration.
- Improved system performance and database efficiency through query tuning and security upgrades.

**Freelance, Web Developer** Jun 2022 - Present

- Coordinated testing and validation, ensuring compliance with industry standards.
- Provided technical expertise, contributing to a 15% reduction in system failures.
- Developed websites for multiple clients, focusing on practical solutions and client requirements.

### PROJECTS

**School Management Website** Jan 2023 - Jun 2023

Universal Big Data

- Implemented multi-tenant and multi-role architecture to support role-based access and isolated school environments.
- Automated server provisioning for each school or tenant to ensure environment separation.
- Developed modules for financial management, exam scheduling, and applicant tracking
